Database

Web Development

## About Me

I am a student of Btech 3rd CSE I am a self-motivated responsible and hard-working person I am a quick learner and have the ability to work well both independently and as part of a team.

## Achievements

- I have done many workshops
- *Good results in examinations and tests*
- I have participated in many college programs
- *volunteer in social cause*

## Projects

### ● Car Rental System(CRS)

Car rental system (CRS) is a web based system for a company that rents out cars. This system enables the company to make their services available to the public through the internet. This is a company that rents automobiles for a short period of time for a few days or week.

### ● Volume Control System

In this project, we build a model which is able to control your laptop or desktop volume by using hand gestures
